

MMA/TIG/MIG
Accessories

PTS
Welding & Industrial
Supplies e.e.

■ PTS Modweld 200i 220V

Lightweight, Twin Process, DC Welding Inverter

■ High Duty Cycle	60% at Maximum Settings
■ Lightweight	Portable DC Welding Power
■ Twin Process	Capable of both MMA and Lift TIG processes
■ Digital Current Control	Guarantees a Smooth Stable Arc Even at Very Low Settings
■ Thermal Protection	Prevents Semiconductor Components from Overheating
■ Input Bridge Protection	Protection Against Mains Generated Spikes

Technical Specifications

Electrode Sizes	2 - 5mm
Current Range	10 - 200A
Input Voltage 50/60Hz	220V
Input Current Irms	25A
Open Circuit Voltage	54V
Weight	14.5kg
Dimensions	185 x 250 x 480mm
Duty Cycle	60%
Continuous Current	155A
TIG Ignition	Lift
Arcforce	Y
Voltsafe Option	Y
