

CC SERIES COPYING CARRIAGES

- The US 40, US 80 & US 150 portable pipe beveling machines, can be equipped with a copying carriage attachment. The device can perform bevel on heavy wall, by using a template at the shape of the welding preparation, and highly improve the capacity of the standard machines.
- Clamping spiders have to be used to reach the diameters over the standard clamping capacity of the machine.
- The machines have to be hydraulic driven with a 4 kW or 5.5 kW Protem hydraulic power pack.

TECHNICAL SPECIFICATIONS

Model	US 40 CC	US 80 CC	US 150 CC
Working capacity	2" - 12"	4" - 24"	6" - 30" option 36"
