

## TNO SERIES TRANSPORTABLE SEVERING AND BEVELING MACHINES

■ The TNO machines have been especially designed to fit your piping or tubing prefab application on site or in your workshop.

■ These machines will sever and bevel heavy wall pipes faster than any other machine. They will save you

man hours by avoiding grinding operations, flame cutting, difficult handling and setting of pipes on a lathe.

■ Transportable, rigid, fast and accurate are the main qualities of these units.

### TECHNICAL SPECIFICATIONS

Capacity	From 4" up to 48" <sup>(1)</sup>	Length
Machines	TNO 4" to 12" 114 mm to 323 mm	1515 mm
	TNO 14" to 24" 355 mm to 610 mm <sup>(2)</sup>	1515 mm
	TNO 26" to 36" 660 mm to 914 mm <sup>(2)</sup>	1957 mm
	TNO 38" to 48" 965 mm to 1219 mm <sup>(2)</sup>	Contact us
Operation and performance	Manual set up of tube, automatic feed, automatic clamping, electric drive with variable speed.	

(1) Larger units available on request.

(2) Optional kit (14" - 18") (24" - 28") (38" - 42") if cutting more than 12 mm wall.
